Covered Jar and Plate.....	Jetta Ehlers..... November, 1925		

DESIGNS AND ARTICLES

Attention of Schools

With the School year nearing its close, teachers will have, as a result of the Fall, Winter and Spring work, much material which would interest our subscribers.

Good illustrations by students and an article by the teacher commenting on them would be valuable to us in the preparation of our Summer and Fall numbers.

Our prices for such contributions, when accepted by the editor, vary according to their importance and quality, but, as a rule, are on the basis of \$5 a page, illustrations included.

After being engraved, the original designs are returned to the contributor upon receipt of postage.

When possible, black and white designs are preferred to designs in color, the latter often giving very poor reproductions in black and white.
